Discipleship Process **Jason Bakker** **Rm 111**

This class includes several sessions on each of the four aspects of ABC's Discipleship Process: KNOW, GROW, GO, & SOW. All attendees of ABC are encouraged to go through this class at some point. However, newcomers and those who have yet to become partners in ministry (formerly "members") of ABC are especially encouraged to attend.

Faith Sharing **Jeffrey Johnson & Kirk Lortz** **Rm 202**

An interactive study on sharing your faith with in-class practical application time. We will be looking at using your testimony, basic apologetics and steering a conversation to a spiritual topic.

Lies Young Women Believe **Emily McCraw** **Youth Rm.** **by Nancy DeMoss Wolgemuth** **& Miranda McCraw**

This study is designed to help young women be grounded firmly in truths of the gospel in a world where they're facing attack. We will uncover 25 common lies that impact the lives of young women today and learn how to combat them. The format will include both teaching and discussion. While the study is oriented toward 6th-12th grade young ladies, mothers and all women in the church are also welcome to participate who would like to be better equipped to connect with and support younger women.

Thoughts for Young Men **Scott Graham** **Rm 401** **by J.C. Rile**

With its stirring appeal based on solid logic and the truth of the Scriptures, this book is an excellent read for all men of any age, but especially adolescent or teenage boys. Its encouragement to choose the high path of integrity rather than yielding to the many temptations to stray from that path, will, if followed, help many to live a more full and obedient life. We encourage dads to consider coming to this class with their sons. The class can be a valuable asset in aiding fathers in the discipleship process of their sons.

Spiritual Gifts **Monty Vernon** **Rm 106**

This class will continue to work through a study guide by Charles Stanley called *Ministering Through Spiritual Gifts*. The object is to recognize one's personal gifts and use them to further the kingdom with the focus being on the seven gifts in Romans 12. The study follows a question and answer format with the objective of personal application. Class time is used primarily for study of the Word and prayer. Lessons often take more than one session to complete since we strive to address questions brought about by the discussion that are relevant to the class members.

Fundamentals of Faith **John Wilkinson** **Rm 105** **by John MacArthur** **& Geraud Moyers**

Do you desire to stand on rock-solid theological doctrine? Do you want to take off in your spiritual growth? *Fundamentals of Faith* by John MacArthur is for you! 13 lessons cover the foundational truths all believers need to know. With topics ranging from "God: His character and attributes" to "The Church: Fellowship and Worship."
